KING PLASTIC APPOINTS NEW REP: PLASTICS NORTHWEST

NORTH PORT, Fla., April 6, 2006—King Plastic Corporation has announced the appointment of Plastics Northwest as manufacturer’s representative for the Pacific northwest—an area that has been without representation for the past three years.

The firm will cover Washington, Oregon, Montana, Idaho, Utah and western Canada.

“Plastics Northwest has both the industry experience and the knowledge of the territory to help us excel in that region,” said Lou Stegner, King Plastic sales manager. “Al and his team will make an excellent addition to our representative network.”

“King Plastic is a high-quality manufacturer and an excellent complement to our existing offerings and our customer base,” said Al Weymiller, President of Plastics Northwest.

Plastics Northwest also includes Ed Moore, Mark Taylor, Patricia Dudley and Sheila Morrison.

Founded in 1968, King Plastic Corporation is a leading manufacturer of quality polymer sheets, slabs and massive shapes—including several products pioneered by the company. Its polymers are sold worldwide through a network of leading plastics distributors to customers who fabricate products for the marine industry (King StarBoard® brand), signage, food service, neutron shielding, construction, industrial and other applications. The company headquarters is a state-of-the-art, 150,000 square-foot manufacturing facility in North Port, Florida. Visit www.kingplastic.com for more information.
